

THE ICARUS PROJECT

Navigating the Space Between Brilliance and Madness

The Icarus Project supports a network of people living with and/or affected by experiences that are often diagnosed and labeled as psychiatric conditions. We envision a new culture and language that resonates with our actual experiences of 'mental illness' rather than trying to fit our lives into a conventional framework. Everyone is welcome, whether they take psychiatric drugs or not, and whether they identify with diagnostic categories or not. National Icarus is at www.theicarusproject.net

For support, community action and revolution join us at **Has Beans** on the corner of 2nd and I in Old Town Eureka

We meet in the little back room the **2nd and 4th Saturdays** of every month

Next meetings are at **4pm**
On **January 8th and 22nd 2011**

Northcoast Icarus

A radical mental health group by and for the mad community
